## Be Sane, Sober This Fourth

It is estimated by the Mississippi Highway Safety Patrol that eleven people will lose their lives on Mississippi highways this 4th of July weekend. With the holiday crowds coming to this area, Hancock County could easily be the scene of one or more of these.

The Kila Road and U. S. 90 are both dangerous to careful drivers and should be improved, but no amount of improvement can eliminate accidents caused by the foolhardy or the intoxicated. The wise will drive as little as is feasible this weekend, and when they do, will be sober. Passengers as well as drivers should remember this.

## Three Faces of Adam

A couple of years ago a book, The Three Faces of Eve, and subsequently a movie of the same name, was very popular. The story dealt with a lady who, at different times, manifested three decidedly different personalities. The book was a detailed case history by psychiatrists who treated her. From the medical standpoint its value probably lies in the detail with which the doctors kept their records rather than in the unusualness of the patient's case.

Any editor of a county weekly could have told the doctors that three faces were not unusual, though the cure might be different. These editors know it from their own personal experience because each of them has to be three frequently conflicting individuals.

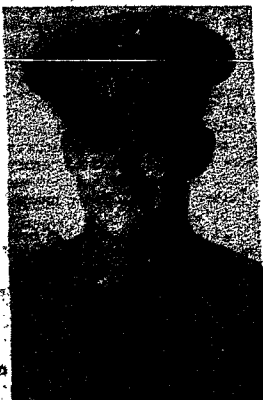

One of the individuals is the business man who wants to please all the advertisers and readers. Another is the editor who feels a responsibility to express an opinion on many serious problems and realizes that in so doing he will antagonize someone sometimes justifiably. The third personality is responsible for the news content and he feels it is his responsibility to print the news as completely and accurately as facilities permit.

The Echo suspects psychiatrists might profitably make a study of a cross section of weekly newspaper publishers.

With politics becoming a little more heated we would like to remind our readers of the merit in the old saying "figures and statistics don't lie but liars use them."

"No need to get fooled, open your eyes and look" is part of the verse to a current song not dealing with politics, but voters might well pay heed.

In a publicity handout last week Highway Commissioner John D. Smith says Mississippi has over 811 miles of highways under construction, ranking eleventh in the nation. How many miles are in Hancock County?

IN SERVICE TRAINING—Ronald Blumstein, grandson of Mrs. David Kane of Bay St. Louis, is receiving basic training with the Army at Ft. Sill, Okla. Twenty years old on April 24, he is the son of Mr. and Mrs. John Blumstein of New Orleans.

## Be Mindful of God on July 4

Four specific references to the dependence of our nation on Almighty God are included in the Declaration of Independence. It is good to be reminded of them as we celebrate our independence this July 4.

These are the references to God we find in the Declaration: "...the laws of nature and nature's God entitle them..." "...all men are...endowed by their Creator with certain unalienable rights..." "...to the Supreme Judge of the world..." "...with a firm reliance on the protection of divine Providence..."

## Powell's Day Set Sunday At McNeill Baptist Church

Powell's Day, paying tribute to the Rev. S. P. Powell, veteran Baptist clergyman who is marking his 44th anniversary in the ministry and 40th wedding anniversary at this time, is planned Sunday at First Baptist Church of McNeill.

Joining Mr. and Mrs. Powell for the celebration will be their three sons, three daughters with their husbands and wives and 17 grandchildren. The day-long event also will mark the opening of the new educational building at the McNeill church which includes 16 classrooms, a recreation room, nursery, offices and a 72 x 38 foot auditorium seating 300.

Bernell Smith, teacher at McNeill High School, will open the 11 a.m. worship service directed by Roddie Powell of McNeill, oldest son of the minister. Another son, Charles, of Pasadena, Tex., will direct music and a daughter, Mrs. Evelyn Powell Lee of Hattiesburg, will be pianist with her daughter, Kathy, as organist. Ushers will be Ray Hawthorne and Billy Sam Chavers.

Mrs. Cavie Powell Rebert of St. Louis, Mo., daughter, will lead the first prayer and Mrs. Jean Powell Bilbo of Picayune will give another. All six children will join Mrs. Powell in brief remarks before the offering is taken by grandsons Don, Danny, Dudley and Dug. Mr. Powell will deliver the message and Marvin K. Lee will pronounce the benediction.

A basket dinner will be served at noon on the grounds with everyone invited. Preacher brethren will join in the afternoon service at 2 p.m. Taking part will be the Revs. David Ulmer, G. A. McCoy and Phil Walker. Dr. John Meddix of First Baptist, Picayune, will preach. Mrs. Marvin K. Lee, the

## Letters to the Editor

Editor, Sea Coast Echo.

I have heard much discussion about adverse publicity given the State of Louisiana and the Long family, but in my opinion, when the governor's wife signed the papers committing him to a mental institution, the case immediately became one of national interest and the public was entitled to know all the facts.

It seems to me that newspaper coverage of this incident has been fair and impartial. However, many TV and radio bulletins were spiced with sensationalism such as "Governor Long escaped from Oschner's Clinic through a back door, commandeered a white sedan and raced his wife to the capital so he could seize control of the state."

According to newspaper stories, Mr. Long requested that he be released from Oschner's. The attorneys for this institution were contacted and advised that inasmuch as he had entered voluntarily he could not be detained. He was then released and was free to leave through any exit he chose. The "white sedan" was his usual car driven by his usual chauffeur (and long time friend) and I think if he had wanted to race Mrs. Long he would at least have reached the parish line before she was able to get to Baton Rouge, contact the authorities, have the necessary papers drawn up and notify the sheriff in time for him to drive to the parish line.

Governor Long was arrested as a schizophrenic paranoid suffering from delusions of persecution. I don't doubt that many of us would suffer the same delusions if we were legally released from Oschner's Clinic, being peacefully driven home by friends only to be forced off the road by a police car and committed to an insane asylum through what some attorneys term an illegal procedure.

I believe this country could use a few more men who, at the age of 63, still have the courage of their convictions and the ability to fight for them. History is loaded with stories of men who died

in prison because of their political beliefs and even Abe Lincoln had trouble with his wife.

## Jack Baltar Takes Lead Lipton Eliminations

Baltar, by finishing first, and fourth in races at Waveland Yacht Club Sunday, took the lead in the Lipton class skippers as Lipton eliminations reached the final point.

Placing in three of four races and adding two races to his credit, has 915 points in the series as of Aug. 2.

skippers will sail a mini-eight competitive races to determine the club's top six. Baltar will enter a 12-race round robin with the Waveland Yacht Club's six. Four top men are picked each club following the round robin. The winners represent their respective clubs in the Lipton Cup regatta Labor Day weekend for the GYA fish championships.

10 men in the local eliminations are: Carl Argus, 886; Leo Seal Jr., 886; Argus, 852; Bert Stieffel, 837; C. C. McDonald Jr., 837; Chapman, 830; Bill Argus Sr., 812.

No races were held here Friday because of the long distance races from New Orleans to Pass Christian. Winners of Saturday's races in order of their finish were:

First race - Chuck Breath, Nita Kay Erwin and Bill Argus; second - Ned Heath, Nita Erwin and Lars Phillips; third - Bay Chamberlain, Jeanne Cavorac and Bob Hamilton.

Excellent sailing conditions were reported as five expert fish class races were sailed Sunday. Winners in these races were: First - John McDonald, Bob Boh and Jack Gordon; second - Jack Baltar, Haywood Hillier and Daig Erwin; third - Leo Seal Jr., Jack Gordon and Ballard Argus; fourth - Bill Watts Jr., Jack Baltar and Don Chamberlain Sr.; fifth - Bill Argus Jr., Leo Seal Jr., and Bill Watts Jr.

Kell Riess maintained "middle of the fleet" status in last weekend's long distance race from New Orleans to Pass Christian. Kell was sailing a 38-foot boat which he had never been on before. He said, "We flew over a place of canvas we had." Kell, an expert skipper, is director of the races at Bay-Waveland Yacht Club.

## Regal Ousts Stieffel in Longest Game

Regal ousted Stieffel and Sons 14-11 Friday night in an 11-inning thriller which proved to be the longest game ever recorded in the Bay League.

In the opener Friday, Trapani's Fighting Irish trounced C and S, last week's second place team, 9-1.

Also an exciting evening for softball fans was Thursday when Regal's edged by Youth Center 6-5, to hold down top position in league standings. REA Coast Electric squeezed past Southern Realty 15-14 in an evenly matched bout. The two teams each have two wins and two losses in league play.

Tuesday Regal dropped to seventh place as REA Coast Electric won 11-5. Youth Center scored its first win of the season, beating Southern Realty a healthy 21-9.

Tonight the league schedules Stieffel and Sons against Trapani's. This will be an especially interesting game as Trapani's as the league stands now is the only threat to Regal's claim on first place. Also on slate for the evening is Regal's against the KC's. A loss for Regal's and a win for Trapani's would give the Irish boys a firm toe hold in the first slot.

Friday night's play will be C and S vs. Regal's and KC's vs. Southern Realty. Tuesday schedules Regal vs. Youth Center and REA Coast Electric vs. Trapani's.

Warning signs placed along the Pearl River and Bogue Chitto waterway for the safety of boaters and fishermen are being maliciously damaged, an Army Corps of Engineers spokesman said. The signs, which warn of turbulent water, are apparently being used as targets by people discharging firearms. Many of the signs use reflective lettering for around-the-clock visibility and therefore are expensive, the spokesman said. The warning signs are on

### ANNOUNCES FOR 40th SENATORIAL DISTRICT

(Hancock, Pearl River and Lamar Counties)

I wish to take this opportunity to announce that I am a candidate for the state Senate subject to the will of the people in the forthcoming Democratic primary.

I am indeed grateful for the wonderful support the people of Hancock, Pearl River and Lamar Counties have given me during my campaigning of the last few months.

I want all of the citizens of Hancock County to know that I will try to talk with each person before August 4, but in the event that I do not see them all, I would appreciate any and all help they can give me both by their voting for me and also by their reminding their friends and mine in Hancock County to vote for me.

Those who do not know me personally, have known my father and my grandfather who have been in the mercantile business for the past 8 years. I am 35 years old, married and have three children.

Since my return from the service in 1946, I've done everything possible for the improvement of Hancock County. I am a member of the official board of the Main Street Methodist Church, a member of the board of directors of the Hancock County Chamber of Commerce, President of the Coast Council Chambers of Commerce which includes all the chambers between Mobile and New Orleans, chairman of the Gulf Coast Safety Council, Member of the American Legion and Veterans of Foreign Wars, member of the Masonic Lodge and the Bay St. Louis Rotary Club.

I feel that by being elected to the Senate, I will be in a position to be of greater service to the people of Hancock, Pearl River and Lamar Counties.

I do not believe in bragging about what I am going to do, but I do want to assure you that I will do everything possible to make you proud of your representative in the Senate.

I feel the two main things needed are more representation and industries for the people to earn a comfortable living for themselves and their families.

This being Hancock County's turn under the old gentlemen's agreement, the people of Pearl River and Lamar Counties have assured me personally that they are going to support me as the most capable candidate in addition to being a lifelong resident of Hancock County.

(Paid Pol. Adv.)

ROD AND GUN OFFICERS—Recently elected to Rod and Gun Officers are immediate past president Jack Ladner, vice president, Bert Stieffel, president, and Earl Ramon, reelected secretary-treasurer.

## REA Loan to Aid Service For Three-County Area

THE \$396,000 federal loan recently approved for Coast Electric Power Association will be used "to continue to extend electric service throughout the three counties and to heavy-up our facilities to take care of increased loads of present subscribers", according to H. H. Shattuck, manager of the rural electrification association.

Shattuck said the money will be made available for use during the next several years. The federal appropriation made as a loan will be repaid with interest over a 35 year period.

The association currently serves 7,665 members and maintains 1,802 miles of line in Hancock, Harrison and Pearl River counties. Shattuck said that Coast Electric is installing new connections at the rate of 500 a year. He added that the area served by Coast Electric is greater than the average in the rest of the state.

Shattuck cited a phenomenal growth in the coast area and an increase in consumer demand as the reason for a 15 per cent annual increase in the load of existing lines.

This increased load makes necessary changes in present facilities.
